“ Polyglot Talent is very professional and structured. Communication was easy, and they always kept us in the loop of the process (very transparent). We had a perfectly filled pipeline of Tech talent with them!

HR Manager at Amberscript, Amsterdam

“ Polyglot helped us hire niche marketing team members and organise our BD team, that had a high turnover rate. They have very committed account managers, it's definitely more an advisory than just an agency.

CEO at Rapyd, London

“ Great work finding our senior Growth Marketers. They're very good, we're very happy.
